Dear Parents,

We are now using Wushka’s cloud-based levelled reading program at school and would love you to continue reading with your child at home. The program encourages students to engage with fiction and non-fiction texts on interactive devices. All School Readers are levelled from Level 1 through to Level 3+ and have been developed using decades of educational publishing experience.

Recognising that the best outcomes are achieved when students continue reading at home, the Wushka School Readers are now available after school hours. The program is individually tailored by your child’s classroom teacher and allows readers to be set for homework.

You will need your child’s login details, which will have been given out in class. Please visit wushka.com.au to login to the program.

If you have any questions please speak to your child’s classroom teacher or email the Wushka Team at support@wushka.com.au.
